

History

Budget Office Furniture opened its doors in 1982 on the Volunteer Parkway in Bristol, Tennessee. Joe Moore and a staff of two quickly outgrew this 3000 square foot building and moved in 1983 to 20 Commonwealth Avenue in Bristol, Virginia. By relocating to a larger, 18,000 square foot building, Budget Office Furniture had room to expand and accommodate the growing demand for quality "mid-market" office furniture.

Â

In 1994 the Budget Office Furniture building underwent extensive remodeling with a fresh exterior paint job and inside showroom expansion. Budget Office Furniture now has three distinctive showrooms under one roof in which to display its new and used office furniture. Everything from the distinctively elegant new to the practical pre-owned is available for the customer's inspection.
